

SUGAR RUSH

Cakes delivered so fast you'll get a sugar rush!

A cake and pastry mobile delivery app for those who need a last minute treat for a party.

The home screen will display the available products alongside their price and how many people they serve that the user can browse through and add to their cart, as well as a tab where they can input their current address in order to find the nearest store and see its stock.

They can also filter the products by type: cakes, pastries and other small baked goods, other sweets, and party accessories (candles, streamers, etc.).
